

# ALPHA SCHOOL

Porur

# PROSPECTUS

## MOTTO

Seek, Share, Serve.

## VISION

- To be an institution of excellence, dedicated to producing leaders of the future.
- To nurture children to grow to be global achievers in tomorrow's world.

## MISSION

- To foster a caring and creative environment and respect individual needs of children.
- To develop self-confident learners with active and creative minds.
- To ensure the all-round development of children and develop a creative, happy, positive atmosphere in order to enable students to become productive, self-confident and patriotic citizens.
- To tap the untapped potential of every child and help them to excel in it.

## POLICY

We are committed to inculcate in students a sound philosophy based on humanistic ideals, and strive for continual improvement in the quality of educational offering, thus meeting the needs of the stakeholders and the community.

## CHAIRPERSON'S MESSAGE:

It gives me great pleasure to welcome you all to the Alpha Group of Institutions. Alpha Group of Educational Institutions has institutionalized 'Seek, Share and Serve' as its motto for a continued search for knowledge and information, and share the received wisdom with the community to selflessly serve mankind. Every marble piece has within, certain unwanted parts, needing to be chiseled out by its maker, before being sculpted into a beautiful statue. Alpha over the past five decades is in the pursuit of this noble mission to help mould blossoming minds. We have diligently developed our academic philosophy by laying great emphasis on the pursuit of knowledge, its application and skills to help in its dissemination. Our underlying philosophy is to create new benchmarks by incorporating new initiatives in the field of education through modern and innovative teaching and learning methodologies. Alpha knows no bounds in knowledge and realises the margin fades forever and ever as it moves. But within its boundaries, the disseminated knowledge embodies the spirit of inquiry, research and quality. Our search is incessant, our service is ceaseless and our perseverance untiring. Imparting right knowledge, enhancing wisdom and creating distinctive individuals is our pursuit.

Today we stand in the threshold of a new era - an era empowered by 'knowledge economy'. Even as we prepare to ride the waves of change, our foundations are built on solid rock, firmly anchored on strong life principles. Alpha prides itself in not only being an institution imparting life's latest know-how but also instilling human core values. May God bless you. May His mighty hand guide you in all your endeavors.

**Dr. Mrs. Grace George**  
Chairperson

## VICE CHAIRPERSON'S MESSAGE:

"Education is not preparation for life, education is life itself" stated John Dewey. Alpha concurs on the magnitude of this statement and strives to impact the lives of the students under its fold with positive and transforming learning experiences. The holistic intervention in education is imperative at every growth phase of the student. We are thus constantly striving to provide a conducive environment to create a balance in the academic, emotional, spiritual, creative and physical development of students.

We believe that in today's world where change is constant and fast paced, we need to as educators, adapt to the continuous innovative and improvised models and trends in education research . This helps us to deliver quality of highest standards and provide a firm foundation for the holistic development of our students. The learning environment in the classroom is also aimed at teachers being sensitive to the various needs of the different learners, in particular to students with learning challenges and slow learners. This provides an atmosphere where the learning interaction inside & outside the classroom is done with a lot of understanding and sensitivity.

John. F Kennedy once said 'A child mis-educated is a child lost', thus at Alpha we go the extra mile to delve into all the developmental aspects of the student. We provide continuous training to our staff in order that they may be agents of qualitative and holistic transformation in the lives of the students who pass through the portals of our institutions.

Alpha continuously strives for excellence in the field of education by adopting the best practices from around the globe and implementing innovation in our instructional practice to provide an impetus and develop students to be worthy leaders and citizens of our nation.

Robert Frost's lines quoted here truly reflect Alpha's journey of excellence and constant endeavour to transform and shape the lives of our students, not singularly in the pursuit of personal excellence but coupled with a social conscience.

**Mrs. Suja George**  
Vice Chairperson

The woods are lovely dark and deep,  
But I have promises to keep,  
and miles to go before I sleep,  
and miles to go before I sleep...

- *Robert Frost*

## PRINCIPAL'S MESSAGE:

As the privileged Principal of this wonderful school providing exceptional educational outcomes and opportunities for every student, I extend a warm welcome to you to this institution.

Let me begin by quoting Benjamin Franklin,

"Tell me and I forget. Teach me and I remember. Involve me and I learn."

This is indeed my strong belief that a child learns best by getting involved in the teaching learning process. It is for this reason that we at Alpha give a lot of importance to 'interactive learning'. This is with a mission of making every Alphan apply their learning skills in their day to day lives, thus making the entire process both meaningful and enjoyable. I'm fortunate to collaborate with a team of dedicated staff members who constantly endeavor to make this mission of Alpha come true.

Alpha strives hard to inculcate strong values in the students through various means. Converting every child into a self-reliant and independent citizen, the school provides an amalgam of scholastic and co-scholastic activities. Every Alphan who is harnessed in such an atmosphere is sure to contribute and shoulder responsibilities of the society.

Children need a supportive environment at home and at school. They need to set goals, within their reach until they gain confidence and determination. Then they should relook their priorities, set goals and make specific plans to achieve what they desire. The holistic approach to education provided at Alpha helps to build the confidence of the students so that they can face challenges as they blossom and grow as individuals with academic, social and emotional skills to confront the world at large.

The parents are the most strengthening power in moulding the future of children. Their consistent support empowers us to do more and more. I extend my sincere gratitude to them for their faith in us.

I am confident that every Alphan will soar to reach greater heights in life and in turn will be an asset to this country. God Bless!

**Mrs. Shynu John**  
Principal

## THE ALPHA SCHOOL, PORUR:

Alpha School, Porur was established in the year 2014 and is affiliated to the Central Board of Secondary Education. The school adopts unique pedagogies to help students equip themselves in all domains of learning in accordance with the various contemporary educational systems in the world. The management takes keen interest in the overall development of the students and provides numerous opportunities to each child to explore their inner strength and talents through a number of co-curricular activities. The school has received numerous accolades and works with a team of smart and dedicated faculty members under the guidance of eminent Chairperson Dr. Mrs. Grace George and Mrs. Suja George, Vice Chairperson. The goal of the school is to build strong individuals who make a difference in the society around them.

## INNOVATIVE PEDAGOGY IN PLAY SCHOOL AND KINDERGARTEN:

“Catch them Young” is what we say at Alpha School, Porur by giving the tiny tots the very best in their early years of education. Here we insist not just on learning by doing but it’s one more step ahead, it’s learning by playing. A number of teaching learning activities such as learning number names through hide and seek, a leap and a jump, identifying fruits and vegetables by blind folding (touch and feel), lacing the beads, imagination of stories, play house, mirror reactions by facial expressions, role play, puppet play, tracing with sand paper are some of the initiatives taken towards innovative teaching methods for the children we love the most.

## **PRIMARY AND MIDDLE SCHOOL:**

Our primary and middle school follows curriculums which provide a hands-on approach to students, thus ensuring opportunities for creative expression and developing skills of reflective thinking, observation & experimentation. Alpha gives immense importance to the curriculum that are followed and makes sure that they are surely one of a kind.

Chrysalis is an interesting curriculum followed by the students of our school from kindergarten to Grade V. Chrysalis includes several highly effective strategies such as spaced practice, retrieval practice, elaboration, interleaving and dual coding. The teachers also go through regular training sessions through professional development programmes in order to equip themselves with the emerging teaching strategies.

The students from classes VI - VIII follow the Xseed curriculum, an innovative pedagogy designed to raise the level of learning in classrooms and build confidence in children. Xseed follows the proven 5-step experiential learning method where concepts are taught through hands-on experimentation followed by questioning, application and feedback. This replaces the one-step 'telling and memorization' technique followed in many traditional classrooms.

Students learn Second Language from UKG. They can choose either Hindi or Tamil as their second language till class V. From class VI they also have the option of French. Students from class I - VIII have third language as part of their curriculum.

## **SECONDARY AND SENIOR SECONDARY SCHOOL:**

The Secondary and Senior Secondary students of Alpha School, Porur have a holistic growth at school where they learn independently; develop resilience, confidence and maturity before stepping out into the world. The Senior Secondary at Alpha provides students the opportunity to identify their areas of strength and pursue an academic programme that is best suited to their learning style and inclination, which is in alignment with their long term goals. The aim is to give the learner a sound foundation in conceptual knowledge and in the skills of application, analysis and higher order thinking.

Alpha provides a tremendous support to students in terms of content for higher education, common entrance tests and college placement tests. The students of the Secondary and Senior Secondary follow the NCERT curriculum.

### **GROUPS OFFERED IN SENIOR SECONDARY LEVEL**

**Mathematics/ Physics/ Chemistry/ Computer Science**

**Business Studies / Accountancy/ Economics/ Mathematics**

**Business Studies / Accountancy/ Economics/ Computer Science**

## BEYOND ACADEMICS:

### Innovative Reading Strategies:

Various reading strategies have been introduced in order to comprehend meaning from print. Early reading includes the direct teaching of words and sounds. This has enabled students to distinguish between different sounds of oral language for the purposes of achieving understanding. They have also helped students gain knowledge about sound-symbol relationships and concepts of print because these are the basis for decoding and reading comprehension skills. Children of the primary classes are taught to read sight words from flash cards, which are shown frequently and to frame simple sentences using sight words. This method not only enhances the child's learning process but also builds a healthy rapport between the teacher and student.

### Interactive Learning:

Students at Alpha enjoy the teaching learning process through the interactive method of learning. They are encouraged to be inquisitive and ample opportunities constantly come their way to bring out the same creatively. Brainstorming sessions in the classrooms pave a great way to get the creative juices flowing. When multiple brains focus on one single idea, it results with numerous ideas and will also involve everyone into the discussion. These sessions are also a great platform for students to voice their thoughts without having to worry about right or wrong, and this is also an alternative method of testing the child's understanding. The chalk and talk method is largely reduced and replaced by smarter learning methods through smart boards, Internet and a well stocked library.

## ASSESSMENT:

CBSE is known for its comprehensive syllabus and well structured exam pattern which helps students to get a detailed idea about the entire curriculum. CBSE, has brought in the 'uniform system of assessment and examination, as a move to standardize teaching and evaluation around schools affiliated to it. From class VI onwards, students would be assessed as per this template prescribed by the Board. Uniform assessment is a two-semester scheme, at the end of which Half-Yearly and Yearly examination will be held.

In Alpha we ensure that the assessment and evaluation is continuous, skill based and as per the CBSE requirement, helping to improve the knowledge and understanding of the students that leads to their overall development.

## TEAM OF ALPHA:

Alpha is surely fortunate to be blessed with a wonderful team of dedicated teachers who strive to mould each student with a true passion towards this profession. The parents and students of the institution have constantly expressed this at every given opportunity. Hence it is clearly evident that behind every successful Alphan there are surely a number of noble teachers.

## SPECIAL PROGRAMMES:

### Karadi Path:

Yet another initiative to learn the English language. The kit provided to the students helps them have hands on experience especially to learn their phonic sounds. The core of the Karadi Path methodology lies in the natural way we acquire languages, through what we constantly hear around us. The Karadi Path involves the following methodology: **Intuitive:** Uses intuitive intelligence (right-brain oriented) over logical intelligence (left-brain oriented) | **Immersive:** Creates a rich immersive language environment in the classroom through various modes | **Non-linear:** Provides multiple paths to the goal of language learning allowing every individual learner to use his or her preferred way of learning | **Non-instructional:** All learning is delivered experientially without any instructions and without explaining meanings of words or phrases | **Multi-sensorial:** Learning language through listening, seeing and doing with a high focus on listening | **Multi-modal:** Learning language through multiple modes such as physical activity, music and stories.

### Book Lovers Program:

Reading is recognized at Alpha, as an art capable of transforming man's life and his entire society. It is for this reason that the Book Lovers Program has been introduced. It is a reading program designed with proven strategies to get children to love reading storybooks. As they read, contextual activities are used to reinforce learning. The entire ecosystem of the school is transformed to encourage reading.

### Engage Learning:

The Engage Learning program is yet another endeavor for our enthusiastic students through which we create breakthrough learning experiences. It motivates them to undertake research oriented projects in science and social sciences and allows them to collectively engage in the scientific point of view. Our transformative, student-driven approach gives students the ability to immerse themselves completely in their projects with a thorough knowledge about the subject.

The engage magazine which is given to the students on a regular basis helps them to achieve the following:

Improves their vocabulary | Develops nonfiction reading skills | Encourages project-based learning | Forms curriculum connections to school syllabus | Boosts their school grades | Creates high-interest in science and math activities

## INFRASTRUCTURE:

### Classroom:

The right ambience sets the right spirit to thrive on. This is vital when it comes to the classroom where a student would spend most of his or her time. The well ventilated and spacious classrooms with comfortable, ergonomic furniture are a proof to show that Alpha is a child-friendly school. Every classroom also has bookshelves and cupboards which provides students space to keep their books thus making them carry lighter school bags.

### Labs:

At Alpha, we firmly believe in extended learning where children learn by doing. As children get hands on experience to what they learn in a class through various lab activities, the learning process becomes a truly joyful experience to the Alphans.

### Composite Stem Lab:

The Composite Stem Lab is a boon for the students at Alpha which facilitates multi disciplinary learning, encouraging students to design and develop their knowledge and skills through experiential learning. The subjects Science, Technology, Engineering and Maths are explored through various resources at the STEM lab, which stimulates creative thinking and problem solving skills in the learner.

### Science Lab:

The well-equipped Science Lab at Alpha is a place that kindles the scientific spirit in each Alphan. The Lab serves as a place where the students enhance their learning by doing various experiments, observations and drawing conclusions in relation to the experiment.

### Math Lab:

The Math Lab helps students overcome the fear towards the subject and fall in love with the same. This is enabled by learning the subject in a fun way

through a number of kits in the lab. Starting from the number bowl kit for the juniors, a wide range of kits are available for concepts up to the senior level which help the students understand even the most complex topics in an easy way.

### **ICT Lab:**

It's the world of computers that we live in and nothing moves forward without it. Our fully equipped computer labs are a boon for the students of our school to build their ICT skills. The ICT Lab also is a great place where the senior students work on various projects and also take up a number of online competitive exams.

### **Library:**

The school library plays a great role in the life of the students. It is the store house of knowledge. In our library, students can find books on various subjects such as history, geography, environment, political science, literature, fiction, etc. Our school library exhibits positive impact on the academic achievement of the student.

## **COMPETITIVE EXAMS:**

In a world of competition, Alphians are equipped to face every challenge that comes their way, specially to prove their skills in academics. We at Alpha provide opportunities for our talented young minds to dream bigger and to channel their interest in the right path through various competitive exams like International Competitions and Assessments for Schools (ICAS), National Astronomy and Science Olympiad (NASO), Science Olympiad Foundation (SOF), Spellbee and many more.

## **CAMBRIDGE ENGLISH YLE:**

Alphians are known for their proficiency in English. Alpha paves the way for them to prove their proficiency by encouraging them to take up the Cambridge English YLE tests for students from Grades III - V upwards. The exams are conducted at three different levels for the students such as starters, movers and flyers. These exams provide a strong foundation and learning framework to help the students gain confidence and improve their English language skills, step by step.

Excelling in this training enables learners to acquire language proficiency of C1 Grade in English, which is equivalent to an IELTS band 9, as per the CEFR - Common European Framework Reference, which is the entry requirement for immigration to foreign universities for undergraduate and postgraduate programmes. Students with a C1 qualification hold a good chance of having excellent career prospects.

## PARA ACADEMICS:

### Sports & Games

Sports build good habits, confidence and discipline. They transform players into community leaders and teach them how to strive and cherish growth opportunities. This is surely evident in every Alphan who exhibit their talents in the field of sports in an impressive way. The school has a massive playground which is well maintained for the students to play a wide range of sports and games. Regular P.E.T classes by trained staff help the children to attain a holistic growth. The physical development of the students is focused and assessed using various parameters through events such as Long Jump, High Jump, Running, Short Put etc. A number of indoor and outdoor games such as Soccer, Badminton, Throwball, Kho-Kho, Cricket, Carrom, Chess etc pave way for the students to get physically fit.

The students of our school take pride in participating in inter school sports events. The sports day which is always unique in its own way provides a great platform for the students to display their talents in the field of sports.

### Scouts & Guides

Scouting and Guiding hones the fundamental skills on learning to be independent and builds courage and determination to make them brave leaders of tomorrow. Alpha School provides Scouting and Guiding to build a strong character and to make students aware of his/her potentiality through different activities such as camping, trekking, skits etc. It teaches the students to use their skills and potentials for the service of community.

### Cubs and Bulbuls

The Cubs and Bulbuls unit in our school aims at Character building and self-discipline. It is the Junior Wing of the Bharat Scouts and Guides, through which leadership is nurtured at the Primary School level. Cubs and Bulbuls is the first lap in the journey towards scouting and guiding.

## ART & CULTURE:

### Music

“Music is to the soul what words are to the mind.” Creativity and artistic skill development is another focus area at Alpha. Students are taught, trained and exposed to Indian and Western music, vocal and instrumental, by qualified teachers. Participation in music provides a unique opportunity for literacy preparation. Whether the children are singing, playing, or listening, teachers direct them to listen and hear in new ways which exercises their aural discrimination.

At Alpha, 'The Music day ' is celebrated with great enthusiasm every year in the month of June where the students are given the opportunity to display their vocal and instrumental talents (keyboard/ drums/ guitar) in music. The morning assemblies also pave a great platform where the students enjoy learning a number of new songs every week.

### Dance

Dance is a holistic exercise that builds one's mind, body and soul. Adding dance to academics is not a diversion or disturbance but can actually make students better in life. Here in Alpha we provide opportunities to our students to learn dance which not only engages them in a physical activity but also for them to experience something that highlights their spirit.

### Art and Craft

Students are given an opportunity to cultivate and develop the creativity in them. They are exposed to different genres of art and a wide variety of craftwork during school hours. This helps develop the fine motor skills, increases dexterity, improves hand-eye coordination, boosts self-esteem, encourages self-expression as well as promotes innovation and creativity

### Theatre

An Alphan is equipped to articulate high level of confidence to be successful in every walk of life. Theatre is a unique programme offered to the students of Alpha that paves the way to new dimensions of emotional experience and boosts the confidence level in them. Through drama, children learn to express themselves better, relate to their peers and develop essential life skills. Experts from the field of theatre deliver lessons in accordance to Alpha's structured curriculum. Students are encouraged to express themselves through theatre and to improve their self-confidence, self-esteem and proficiency in language.

## SPECIAL DAYS:

Alpha Project Day is organized every year with a view to encourage and inculcate a scientific temper amongst students. The students right from KG to Senior Secondary present their projects, mainly handmade working models. It is a wonderful opportunity provided to the students of our school to discover the scientist within each of them.

Apart from this a number of special days such as Postal Day, Music Day, Chocolate Day, Hand-wash Day, Grandparents Day, Math Day, Science Day, English Day, Mother Language Day, Yoga Day etc., are celebrated to highlight the importance of these days which also pave the way for active participation of students on stage .

All national and religious festivals are celebrated which infuses holistic formation in the students and makes Alpha, a special place to be in.

## MONTHLY TALENT DISPLAY COMPETITIONS:

"Believe in yourself. You are braver than you think, more talented than you know, and capable of more than you imagine."

This is the seed sown in the heart of every Alphan, where there is no room for complacency but constantly reminded that each one of them is a bundle of talent.

It is indeed the mission of Alpha to tap these hidden potentialities within each of its students and bring it to limelight. Competitions that involve skills from various fields such as art, music, dance, literature and creative thinking are conducted every month to bring out the multiple talents present in every child. The students who perform well are awarded with merit certificates and the consistent winners receive the "Flair Award" at the end of the academic year.

# CLUB ACTIVITIES:

An Alphan is called to be an all rounder and hence every possible learning is provided here. The students choose any one club based on their interest level and get equipped in the same through a hands-on experience.

## Spice Club:

Cooking is a passion and no matter how good a chef you are, the joy is in cooking for others – the students of the Spice Club get this privilege as they experiment their culinary skills in the Spice Club. The joy of being a great chef is evident as they share the same with the entire school community.

## Sanskriti Club (Heritage):

India is a land of rich and varied culture. As Indians it is a pleasure to know, understand and explore this culture and heritage of ours. The Sanskriti Club is where our patriotic students feel elated as Indians to be enlightened about the greatness of our nation. The students of the club are also taken to historically important places to research about the same.

## Literary Club :

Today a reader, tomorrow a leader. The Literary Club encourages the students to be great leaders by boosting the self confidence in them through various means.

**The Club functions with the following objectives:** To inculcate among students a flair for the language and enhance their literary skills. To induce reading habit in students. To encourage students to become orators and display their intellectual, independent thinking skills and imbibe a sense of confidence.

## Eco Club:

The Alphans create awareness about being eco friendly, as it is the need of the hour due to the global climatic change. In line with this 'The Eco Club' works with great enthusiasm and emphasizes the importance of adopting eco friendly measures in order to save the Earth. Planting saplings, cleaning the campus, slogan and essay writing are different methods through which the students are made to understand the importance of protecting the environment around us.

## EDUCATIONAL TOURS:

Alpha strongly believes that learning happens best not just within the four walls of a classroom but surely extends far beyond it too. Keeping this in mind students are taken for field trips on a regular basis to enhance their learning experience by having a personal encounter with the topics that they learn in class. The students of Alpha are taken to places that are worth a visit which enables them to gain more knowledge and understanding about what they learn in school. They have explored a number of unique places. The Alphians are sure to have a bird's eye view of the most interesting and informative places in and around the city through their journey at Alpha.

## PARENT TEACHER MEET:

Positive communication between parents and teachers goes a long way in improving the efficacy of education. It is for this reason that the parent teacher meet is regularly conducted in our school which indeed is an important step in the overall development of every student.

## **AFTER SCHOOL ACTIVITIES:**

After school activities help students get refreshed physically and mentally at the end of the day. Co-curricular activities form an integral part of the overall development of the child. Alpha school provides a plethora of after school activities for the students to enhance their artistic skills. These activities help in personality development, improve kinesthetic and psycho-motor skills, build self-confidence and bring about holistic development of every student.

### **Various after school activities conducted at Alpha include:**

#### **Karate:**

Karate is a system of self-development that improves overall fitness. Alpha is focused on self-defense & the non-violent philosophies behind it. This helps kids to be confident, aware, focused and helps them learn to respect themselves and others.

#### **Badminton:**

Alpha Badminton classes train the children not only in grooming physical health but also in improving mental health. When children play this game, it improves their concentration and this, in turn, helps them to be more focused, alert and agile.

#### **Drawing:**

The after school drawing classes at Alpha is a unique platform to experience and exhibit artistic talents. Children are trained the nuances of drawing, colouring and painting. This course develops the child's perspective on drawing and observation skills.

#### **Soccer:**

Alpha 's Soccer coaching classes is a unique gateway to identify the skills of sportsmanship in children. Here we teach kids the fundamentals of soccer, which lays a strong foundation to become professional soccer players in the future.

#### **Dance:**

The dance is a full physical workout which is done in a healthy environment and in an artistic manner. At Alpha the after school dance activity provides a strong positive impact on the personality, health and social skills of a person.

#### **Transport:**

The school provides safe transport for students who wish to avail the same. Students are picked from and dropped at prefixed scheduled points. The school ensures that utmost security is provided to the students who travel by the school bus.

# 50 YEAR OLD LEGACY:

The Alpha Group of Institutions is managed by the Alpha Educational Society and Trust, which was formed in the year 1967, to provide quality and holistic education to its students.

Over the last five decades, the Alpha Group of Educational Institutions has scripted success stories of trust, excellence and innovation and has created new benchmarks in the field of education.

A leader and entrepreneur with a vision, Dr.(Mrs.) Grace George nurtured the legacy left behind by her husband. True to the words of John Dryden "Mighty things from small beginnings grow", the Group, which had its humble beginning in a Matriculation school in West C.I.T nagar, Nandanam, Chennai, has made successful forays into the field of higher education with the establishment of an Arts and Science college and an Engineering college.

From seed to sapling to tree, and now the fruit of hard work! Spearheaded by Dr.(Mrs.) Grace George, the Alpha Group has gone through it all; braving challenges, winning victories and changing with the times, to offer quality education to school and college pupils. In all its institutions, a strong emphasis is laid to kindle and foster the academic, artistic and creative abilities and talents of students, so as to develop them to be individuals with character, vision and resourcefulness.

Today, the Alpha Group of Institutions stands testimony to the dedicated service of its founder and is forging ahead with determination to make the institutions a name to be reckoned with, in the field of education.

The Alpha Group of institutions presently manages the seven educational institutions.

## ALPHA SCHOOLS

The success story began 50 years ago when the AMHSS had its humble beginning. It was the wind beneath the wings of other group institutions and today the group institutions impart education to 1,000s of students.

## ALPHA ARTS & SCIENCE COLLEGE

Alpha Arts and Science College, Porur, Chennai, NAAC accredited and ISO 9001-2015 certified is a self – financed, co-educational institution approved by the Government of Tamil Nadu and affiliated to the University of Madras. It was established in the year 1996 and upgraded as a postgraduate institution in 2001. Situated in a semi-urban area of Chennai, the college has grown to a student strength of more than 1000, attracting youth across the country and abroad. The serene campus away from the hustle and bustle of the city, provides an environment that is conducive for a multi-cultural community of students to interact and pursue their academic interests.

## ALPHA COLLEGE OF ENGINEERING

Alpha College of Engineering, Thirumazhisai, Chennai, located in a serene ambience covering an area of more than 60 acres, is affiliated to Anna University and approved by AICTE. The college which was established in the year 2006, has grown in various streams at the undergraduate and postgraduate levels and has earned a name amongst the student community within a short period. The ambience of the college provides ample opportunities for the students to build leadership qualities and strengthen their technical skills to help them rise on to a higher pedestal.
